Certificate

Alcatel-Lucent Application Partner Program	is pleased to certify* that

Alarm Management Server - AMX

	Product of your security – our passion
Alcatel·Lucent Enterprise Certified Application	has successfully passed the Alcatel-Lucent Enterprise standards of inter-working on **October 2016** required by the Alcatel-Lucent Application Partner Program labs with the Alcatel-Lucent communication platforms listed below:
	OmniPCX Enterprise R11.2
	Region: Worldwide

*Restrictions:

The product and version listed have been tested with the ALE International Communication Platforms and the version specified here above. The tests concern only the inter working between the Application Partner product and the Alcatel-Lucent Communication platforms. For further details of actual tests performed, make reference to "The Inter-working Report". The certificate is valid for a term of one (1) year from the date of compatibility, or until the Application Partner issues a new version of such product (incorporating new features or functionality), or until ALE International issues a new version of such ALE International product (incorporating new features or functionality), whichever first occurs.
